John R. Wilcox of Kingston, sheriff for Washington, like some of the other sheriffs, admitted that he was inclined to place much of the responsibility upon the police departments of the county.

Radolfo Yanello, who has evidently thrived on theft for the past year, was arraigned in the Third district court, Saturday night, when Chief of Police Brown lodged three complaints of larceny against him. On the first complaint he was charged with the theft of 200 pounds of white lead from Richard Pindlebury of John street, valued at \$13.

The second complaint charged him with stealing from the C. G. Stanton company, a block, tackle and falls, two half galion cans of green paint six gallons of oil, a gallon of liquid wood filler and a can of putty. These he sold to John Roche for \$19, stating they were purchased from a painter who had retired from business. He also sold to Roche a ladder, also stolen, but the owner has not been ascertained.

He was also charged with the theft.

Dr. Michael H. Scanion, commissioned a first lieutenant in the medical reserve corps, left Westerly, Sunday afternoon, for Fort Ben Harrison, Indiana, where he has been assigned to duty. It was at a great personal sacrifice that the doctor enters the federal service, as he leaves at home his wife and six children and a large and profitable practice. Under agreement of the state and local medical societies, the doctor's practice will be cared for by other physicians and half the fees given over to Dr. Scanhalf the fees given over to Dr. Scan-lon, and his practice restored when he returns. It was necessary for the Scanlon's absence.
Dr. John L. May has been named.
Thus far he is the only Westerly physician to enter the military service.

Dr. Scanlon was for some time a copular interne at Backus hospital, in Stravus Peterson and Charles Max-son, of the United States Naval Reserves, had quite an experience early Saturday morning while motoring in Mr. Peterson's automobile from Newport to New London, on short leave, when on the Shore road. They were held up by four men in an automo-bile, who impersonated Rhode Island bile, who impersonated Rhode Island state police, who charged the young sailors with having a stolen automobile in their possession and in violating the traffic laws in having only one head lamp lighted. They were threatened with arrest and asked to show their operating license. The young men were naturally disturbed and as soon as there was an opening they

soon as there was an opening they dashed at high speed towards Westerly, followed by the four men.

When the road leading to Weekapalus was reached the sailors turned down the road and did not stop until they drove into the yard of Charles Perry's summer home, the other car following. As soon as Mr. Perry appeared at a window, the car containing the four men started off.

Messrs. Peterson and Maxson explained the situation to Mr. Perry and stated to him that they had in their possession papers of value, and asked if there was any chance of police protection to Westerly village, where they would remain until daylight, or in time to take the first boat from Groton to New London. It was then nearton to New London. It was then near-ly 4 o'clock in the morning and Mr. Perry called the Westerly police quarers. In short order Policemen Fer-uson and Curtin arrived in an au-omobile and escorted the young sail-

ors to Westerly village.
The policemen on the way to Weekapaug met the automobile containing the four men and stopped them long enough to learn, that the automobile was of the jitney type and that three of the men were fitney drivers under Connecticut license and that their headquarters were in Pawcatuck. It is probable that the quartette will be arrested for impersonating police officers, as soon as it can be ascertained, when Peterson and Maxson can make it possible to appear in court and give their testimony. In leaving Newport the young sallors believed they could reach Groton in time to they could reach Groton in time to take the last boat for New London, Friday night, but they took the wrong road and were delayed. They then planned to reach New London by way of Norwich, but were prevented by the interference of the jitneymen.

He was also charged with the theft from George Doherty, from his home in the Brown Bridge road, a gold watch and chain, a bicycle, a revolver, a razor, a pocket knife, and a pair of trousers, all to the value of \$55. All of these articles were recovered.

Rev. E. W. Wesley Speaks. At the 2 o'clock service in the Au-ditorium the speaker was Rev. Ernest G. Wellesley Wesley of Providence, who is doing work among the thousands of Portuguese on Cape Cod and in Rhode Island most of whom came from the Portuguese islands off the west coast of Africa, especially from

Brava.

Prayer was offered by Rev. Charles H. Van Natter of Warehouse Point.

Mr. Wesley briefly touched upon the growth of Methodist missions in South America, where he went as a missionary soon after the Civil war. There are three Methodist conferences in South America, with some ten thousand members, and 15 thousand adherents. Buenos Aires, the capital of the Argentine republic, has a population of a million and a half.

Here in New England in the three states of Massachusetts, Rhode Island and Connecticut are some sixty thousand Portuguese. and Portuguese.

and Connecticut are some sixty thousand Portuguese.

There are about 40,000 Portuguese living within the bounds of the New England Southern Conference. He said: We have a little church at New Bedford, another little work in Mattapoisett. In East Wareham and Tremont a Brava Portuguese, Antonio Lomba, is the pastor. In Provincetown there is a good work started three years ago by two ladies. They are mostly Azorean or white Portuguese. Sixty of the young men who volunteered for the U.S. navy were of these loyal Portuguese, only two being Americans. He told of his methods in prosecuting the work, and methods in prosecuting the work, and overcoming opposition, and also the practical results.

Mr. Wesley said that since the annual conference in April he had travelled over 2,000 miles, and addressed some 1,200 people, mostly Portuguese. Rev. E. F. Studley of Manchester offered the closing prayer.
